

Grave Owners Authority Form

Cemetery

PERMITS WILL ONLY BE ISSUED TO MASONS WHO HAVE BEEN APPROVED AND REGISTERED WITH TAMESIDE MBC

This form must be filled in, signed and returned for approval. Plans of Memorials should be drawn on the back showing design and dimensions in figures in accordance with the Cemetery Regulations and the Memorial Masons Registration Scheme. **All dowels and the type of NAIMM certified fixing method to be used; should be shown in detail.** All headstones shall be erected on a landing of stone or other approved material. The landing must be 900mm wide, 300mm from front to back, 75mm thick. Details of fees and Regulations for Masons are available on request. The whole of the work to be executed to the satisfaction of the Registrar

After examination and approval, all fees must be paid at Dukinfield Cemetery Office before any work is commenced.

IMPORTANT - If kerbs, as outlined in the Cemetery regulations, are to be placed on the grave, we advise that a period of 6 months should be left after the interment has taken place, before the kerbs are fixed, in order to allow the ground to settle. The Council cannot be responsible for kerbs that sink on any grave, even when an adjacent grave is opened.

INSCRIPTION TO READ

DESCRIPTION OF MEMORIAL & TYPE OF STONE.

(State if New memorial, inscription only or replacement memorial).

I, the grave owner, hereby authorise the Memorial Mason to carry out the proposed work detailed on this application. I agree that upon the Council's request the Mason may dismantle and re-fix the memorial to demonstrate compliance with the Council's fixing standards. I can also confirm that the Memorial Mason has advised me to purchase an appropriate insurance for the memorial.
